June 1

**Nijiiro Nursery School  
Ochiai Minami Nagasaki**

With the rainy season approaching, children spend more time indoors. On a rainy day from the morning, you can hear voices here and there asking, "What are you doing today?" Enjoying playing games with friends, reading picture books together, casual conversations and interactions are increasing and it looks like it's going to be a lot of fun.

June is also a time when hot and humid days continue, making it easier to get sick. At the nursery school, I would like to make sure that my child is comfortable by changing clothes frequently when he gets sweaty and rehydrating.

## Scheduled for June

- 7th (Wed) Kidney medical examination (Sora Taiyo)
- 14th (Wed) Dental checkup (All kindergarten children)
- 22nd (Thu) Birthday party born in June

## Scheduled for July

## About dental and kidney health checkups

June 7th (Wed) will be the submission date for the kidney checkup (urinalysis) for 4- and 5-year-olds. As the date draws near, we will send out detailed letters and test containers. On June 14th (Wed), we will have a dental checkup by Dr. Kuroda, a nursery school doctor. The result will be sent to each family by letter, so please check it. Please note that if you are absent on the day, you will be required to undergo a medical examination at Minami Nagasaki 3-chome Kuroda Dental Clinic.

## About Tanabata Festival / Store pretend

On July 7th (Friday), the children and staff will have a "Tanabata Festival/Playing with the shops". I would like to enjoy the atmosphere of the festival to the fullest by carrying a mikoshi (portable shrine), playing shops and playing games, mainly in the infant class. The infant class also goes shopping at the store and plays games with the staff. On the day of the event, you may wear jinbei. This year, I would like to call out to the locals and have a blast with everyone.

## The schedule for the athletic meet has been decided.
